

Inspection of Koeru Care Centre Foundation

On 13 December 2012 advisers to the Chancellor of Justice paid an unannounced visit to the Koeru Care Centre Foundation.

As a result of the inspection the Chancellor of Justice makes the following recommendations to the Koeru Care Centre Foundation to guarantee the fundamental rights and freedoms of persons:

- to review the organisation of smoking on the premises used for the 24-hour special care service;
- in addition to the data currently entered in the register, to add the start and end times of isolation and the details of any injuries caused in the course of isolation.
