

## **Inspection visit to Sõmera Home of Hoolekandeteenused Ltd**

On 1 May 2013 advisers to the Chancellor of Justice paid an unannounced visit to the Sõmera Home of Hoolekandeteenused Ltd.

As a result of the inspection visit the Chancellor of Justice makes the following suggestion to Hoolekandeteenused Ltd to guarantee the fundamental rights and freedoms of persons:

- to guarantee that the number of persons with profound multiple disability receiving 24-hour special care in the Sõmera Home at the same time does not exceed the maximum number of persons indicated in the activity licence.

The Chancellor of Justice also advises:

- to add fields to the isolation register that would allow the description of the situation that preceded isolation to be recorded, as well as the details of the injury sustained, the time when the ambulance service or the police were informed and information about whether the purpose and reasons for isolation were explained to the person who was isolated.
