

Inspection visit to the detention cell at the Kärđla Police Station of the West Prefecture of the Police and Border Guard Board

On 28 August 2015, advisers to the Chancellor of Justice conducted an unannounced inspection visit to the detention cell at the Kärđla Police Station of the West Prefecture of the Police and Border Guard Board.

As a result of the inspection visit, the Chancellor of Justice issued the following recommendations to the Prefecture:

1. duly destroy medicines past their use-by dates and see to it that medicines past their use-by dates are duly destroyed in the future;
2. revise the existing procedure for the preparation of an initial medical examination record and ensure that a report, in particular concerning any health damage sustained by a person, is prepared as clearly and unambiguously as possible.
